Attn: Salim Ahmed Salim  
Chief Delegate

Dear savage beast:

In our "Pravda" ( N.Y. Times ) newspaper, the headline of a story reads "Tanzanian at U.N. do a victory jig.

Well you black bastard, you have shown your savage instinct and I as an American request that you and your delegates pack your bags and go back to swinging in the trees with the rest of the monkeys in the jungles of Tanzania.

We white Americans are sick and tired of you savages coming over here on an equal basis sharing in equal votes while having the United States carry the bulk of U.N. financial support (36% & 40%)

The Birchers, Minute Men, Veterans and all loyal Americans if they had the guts of our forefathers, would unite and march on the U.N. and kick all of you free loading bastards out of the United States.

Our day of reckoning will come and I advocate death unto you and your Communist loving kind.

Very truly yours.

  
M.J. Chmieloski Jr.
